Which BURNSHIELD® PRODUCT DO YOU NEED? DRESSING VS HYDROGEL

BURNSHIELD DRESSING

A foam dressing soaked in Burnshield® sterile trauma hydrogel, supplied in a foil pouch.

The Burnshield® Dressing is the **PRIMARY** product of choice:

- Natural wound covering
- Keeps the burn area protected and moist
- Conforms to wound area
- Gel retention
- Limits bacteria exposure to the wound

HOW TO APPLY

1. Open the sterile package
2. Remove the Foam Dressing from package
3. Apply a suitable size Dressing to cover the wound
4. Secure the Dressing with a non-adherent bandage
5. Re-apply Burnshield Hydrogel to the dressing to prevent the wound from dehydrating
6. Seek medical attention

BURNSHIELD HYDROGEL

Can be used in 3 situations:

- Sunburn
- Difficult to reach areas: e.g. behind the ears, creases of the face and groin
- Rehydrate the Burnshield® Dressing

HOW TO APPLY

1. Apply Burnshield® Hydrogel thoroughly and ensure to extend the application beyond the burn area
2. Cover the gel with a non-adherent dressing
3. Re-apply the gel to prevent the wound from dehydrating
4. Seek medical attention

Burnshield® is a sterile trauma hydrogel used to treat minor burns and scalds. The gel is white to off-white in colour which turns clear once applied. This allows for monitoring of wound progression.

- All Burnshield® products are:
- Sterile
 - Cools & soothes
 - Minimises skin damage
 - Non-adherent
 - Non-toxic
 - Non-irritant
 - Safe to use on children

Both the **BURNSHIELD DRESSING** and **BURNSHIELD HYDROGEL** can be used independently or in conjunction with each other

We are a South African based medical manufacturer of Burnshield Emergency Burn Care and First Aid Kits, audited annually with CE & ISO accreditation.

Levtrade International (PTY) LTD was founded in 1990 with a single product line, Burnshield®. From selling 25 dressings per week, we have grown into an international go-to emergency burn care range of premium products that provide an immediate and effective method of treating burn injuries in the acute (emergency) phase.

Burnshield® is manufactured and distributed from our world class factory in Johannesburg, South Africa which meets the requirements and holds certificates of approval to market. These accreditations have afforded our company the opportunity to expand into various market sectors and to export into more than 42 countries worldwide.

Burnshield® is endorsed and accepted internationally through independent laboratory tests, research and acceptance in key Hospital & EMS protocols. This paved the way for distribution into the Medical, Retail \Consumer, Industrial, Military, Police / Traffic, Correctional Services, Mines, First Aid Kit Manufacturers, Hospitals and EMS/ Fire departments. Training & Educational items have been introduced to compliment the range.

As the company grew and opened up new markets, Burnshield focused on production and Export while Levtrade produced a quality First Aid & Surgical Range becoming a perfect complement to the Burnshield product offer. Levtrade's extensive range of First Aid & Trauma Kits suit every purpose including Domestic, Factories, Hotels, Sport, Outdoor & Leisure, Retail, Medical Professionals and Corporates for own branding.

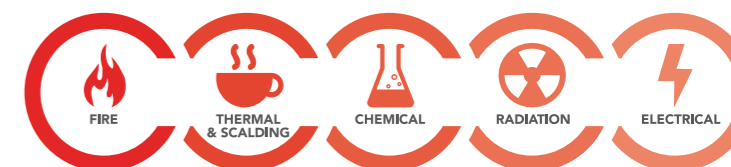

Burnshield's manufacturing facility further expanded to include Solace® Suncare products endorsed by CANSA South Africa for UVA and UVB protection and Aquashield® Chafing (anti-friction) cream. Solace® Suncare is the proud supplier to IRONMAN South Africa.

Our belief in providing quality at all times afforded us the opportunity to distribute our own brand of Sport Tapes & Strapping and Sports Kits under the PROSTRAP® brand. This has been well received by Sport Doctors, Sports Teams, Physio's, Clubs and Schools.

Due to increased demand we established Warehouse & Distribution facilities in Europe and the USA allowing for quicker turnaround times and efficient delivery of product.

We offer personal service, premium support and delivery to our clients worldwide. It is due to the continued support of our many loyal clients and the in-house team's joint effort that allows us to enjoy the success we have both locally and internationally.

Thank you for taking the time to browse our catalogue and we look forward to working with you in the future and to welcome you as a valued customer.

BURNSHIELD® IS SUITABLE FOR ALL TYPES OF BURNS

BURNSHIELD® products meet the requirements of and hold certificates to: ISO 13485 and CE (European mark for the highest standard of manufacture and quality), MDSAP (Canada), FDA (USA), TGA (Australia), and SAHPRA (South African Health Products Regulatory Authority).

PRIVATE LABEL BRANDING OFFER
With the minimum order quantities being easily achievable, this service is a perfect option to promote your own brand. We manufacture and design to your requirements with our in-house design department.

Burnshield's original ground-breaking product, Fire Trauma Blanket was developed in conjunction with the Wool Board and the CSIR. The Fire Trauma Blanket is used as a large area covering, escape from a burning area and to extinguish flames on a person or object. It provides pain relief and healing while victims are being transported to emergency care units.

50% of all burn injuries occur in the home, and the vast majority of the victims are young children. This unique product is effective in treating severe upper body burns on children from 6 months to 5 years old. This Cotton Burn Vest is manufactured from fibreless cotton for comfort and maximum gel retention. The Burnshield Burn Vest has been tested and is supported by the Paediatric Burns Unit at the Chris Hani Baragwanath Hospital.

SOFT 1 FOAM COHESIVE BANDAGE

East tear. Self Adherent. Does not stick to skin, hair nor wounds. Does not leave any glue residue. Sticks only to itself. Can be used together with ointments and creams. No need to clean the skin from dirt or grease before applying. Can be used to secure Burnshield. Soft and elastic it is a highly flexible bandage. It does not cause restrictive movement. Absorbs blood and other liquids. Adheres in water, the bandage does not fall off even when wet. Protects the wound. Latex free

KEY FEATURES

It can stimulate the healing capacity of the body, offers support and stability without restricting joint range.

- adheres to the skin for 4 to 5 days
- water resistant
- hypo-allergenic
- latex-free

ART KINO TAPE 50mm x 2,5m (3 ROLLS PER CANISTER)

Art Kino Tape is an elastic cotton tape with a hypo-allergenic, acrylic adhesive layer. It is designed to mimic the skin in terms of elasticity and thickness. The tape is made of high-quality materials, adheres to the skin for 4 to 5 days and is water resistant. The elastic properties of Kinesiology Tape allows full mobility after application. Art Kino Tape can be used for various complaints and injuries.

ANTI-FRICTION

CHAFING CREAM

f @AquashieldZA

Aquashield Chafing Cream is **fragrance free** with Tea Tree Oil, Zinc Oxide and Silicone which helps prevent chafing of sensitive areas during rigorous exercise.

This Anti-friction and anti-blister cream moisturises and is safe for all skin types and ages. Water and sweat resistant. Proven effective for preventing any rash (including diaper rash) caused by friction of skin against skin or any object.

KEY INGREDIENTS

- Aqua
- Paraffin (soft)
- Zinc Oxide
- Cetostearyl alc
- Mineral Oil
- Dimethicone
- Melaleuca alternifolia (Tea Tree Oil)
- Sodium Lauryl Sulphate
- Propylparaben
- Methylparaben

SUITABLE FOR

Professional and recreational cyclists, runners, swimmers and triathletes.

FOR EXTERNAL USE ONLY.

(e.g. Feet, inner thigh, groin, buttocks, elbow, and upper body.)

Avoid contact with eyes, nose, mouth.

Proudly manufactured by Burnshield

A BURN TAKES A SECOND TO OCCUR & A LIFETIME TO HEAL IF TREATED INCORRECTLY

EMERGENCY CARE FOR BURNS & SCALDS

It cools and soothes while minimises:
Skin damage
Burn depth
Assist with pain relief
Acts as a protective layer to help prevent infection

Safe for use on children. Non toxic. Non irritant.
